ENGINEER CERTIFICATE

(IN ACCORDANCE WITH THE TOWN & COUNTRY PLANNING ACT)

Project:.....
.....
.....

I / We hereby certify that the structural designs and calculations for the above project have been carried out in accordance with the relevant codes of practices and British Standards specified in the Town & Country Planning Act, and that I/We,

- i. take the responsibility of ensuring that all design requirements are implemented during construction; and
- ii. upon completion of that structural work send to the Authority a signed certificate to that effect.

Signature:
Name:.....
Date:.....

- Delete as necessary.

NOTE: Where the Director Physical Planning is of the opinion that a certificate cannot be reasonably provided by the Engineer who prepared the structural details and calculations, he may accept that undertaking from some other similarly qualified person.

IMPORTANT

ORIGINAL ENGINEERS CERTIFICATE IS REQUIRED (PHOTO COPY WILL NOT BE ACCEPTED)
